

EM-Assist Grows Geographic Information System Capability

FOLSOM, CA – June 01, 2011 – EM-Assist, Inc., a leading provider of environmental services, information management and training solutions to government clients, is pleased to announce the addition of Dave Williams, Jonathan Navarro, and Ben Mundell to the company's team. These distinguished professionals collectively bring decades of Geographic Information System (GIS) experience to EM-Assist's clients, add new capabilities and expand our environmental, information management, and training expertise.

- **Dave Williams** has a background in information security and geography, and possesses expertise in system architecture and geographic information systems. He has served as the system architect for the Air Combat Command (ACC) GeoBase program and for USARCENT, which provides GIS support for army assets abroad. He has previously held positions at AECOM, UrbanTrans Consultants, and the Fort Worth Transportation Authority. Mr. Williams can be contacted by phone at (719) 313-7721 or by e-mail at DWilliams@EM-Assist.com.
- **Jonathan Navarro** has a background in geography, and has demonstrated experience implementing geo-spatial solutions and workflows within federal, municipal, and private sectors. He has managed numerous projects focusing on enterprise application and database development, asset management, and data production for various DoD clients, including ACC, AETC, Joint Base San Antonio and USJFCOM. He has previously held positions at AECOM, Loyola Enterprises, and Michael Baker Corporation. Mr. Navarro can be contacted by phone at (757) 605-8669 or by e-mail at JNavarro@EM-Assist.com.
- **Ben Mundell** has a background in geography and civil engineering. He has experience in providing ArcGIS server administration and development support and working as a GIS analyst for Department of Defense clients, including the US Army Corps of Engineers and McClellan Air Force Base. He has previously held positions at TLI Solutions, TRW Systems and Information Technology Group, TSI Corporation, and JANTEC Incorporated. Mr. Mundell can be contacted by phone at (916) 496-9738 or by e-mail at BMundell@EM-Assist.com.

ABOUT EM-ASSIST

EM-Assist, Inc. is government's trusted partner for environmental program management, technical support, and training solutions. The company helps clients cost-effectively address their most challenging environmental compliance, information management, conservation and planning, and restoration needs. EM-Assist also helps clients deliver the right training to the right people at the right time by blending custom eLearning courseware with instructor-led training, and by providing efficient training program administration through powerful, easy-to-use learning management systems. EM-Assist, founded in 1996, is headquartered in Folsom, CA and has 140 professionals in multiple offices throughout California, Utah, Colorado, Virginia, and North Carolina. Additional information can be found on the company's Website located at www.EM-Assist.com.
