

## Walter Heinz, P.E. Joins EM-Assist as Vice President, Federal Client Services

**DENVER, CO - April 21, 2008** - EM-Assist, Inc., a leading provider of environmental services and training solutions to government clients, announced today that Walter “Wally” Heinz has joined the company as Vice President, Federal Client Services. Heinz, who will be based in EM-Assist’s Denver office, brings more than 30 years of experience working for and delivering environmental solutions to Department of Defense clients.

“Bringing Wally on board enables us to be even more effective in serving our clients by delivering quality results at the lowest possible long-term cost,” said Jeremy Burr, Chief Executive Officer of EM-Assist. “We’ve experienced seven consecutive years of rapid growth, and Wally’s addition is an important step as we continue to expand our broad range of expert capabilities. We’re excited to be working with such an experienced, solutions-focused executive.”

Most recently, Heinz was a Vice President with CH2M HILL, serving as their global Army Client Service Manager and Program Manager for Environmental Services. Heinz also served as a Vice President, Federal Solutions with ARCADIS, where he helped pioneer Guaranteed Fixed Price Remediation (GFPR) performance-based contracts. Earlier in his career, Heinz held several positions with the Army Corps of Engineers, including Regional Manager (Area Engineer) with the Omaha District where he led 70 professionals in five offices managing environmental remediation projects.

Heinz said, “I’m proud to join such a dynamic, talented team and appreciate their extraordinary commitment to delivering quality results. EM-Assist offers some very innovative and differentiated solutions, and their technical expertise is on par with that of the largest firms in our industry. I’m excited about the opportunity to work with a team that combines this expertise with the responsiveness of a nimble small business.”

Heinz is a graduate of the U.S. Military Academy at West Point, has a Master of Science in Civil Engineering (MSCE) degree as well as a Master of Business Administration (MBA) degree, and is a registered Professional Engineer (PE).

### **ABOUT EM-ASSIST**

EM-Assist, Inc. is government’s trusted partner for environmental program management, technical support, and training solutions. The company helps clients cost-effectively address their most challenging environmental compliance, information management, conservation and planning, and restoration needs. EM-Assist also helps clients deliver the right training to the right people at the right time by blending custom eLearning courseware with instructor-led training, and by providing efficient training program administration through powerful, easy-to-use learning management systems. EM-Assist, founded in 1996, is headquartered in Folsom, CA and has 120 professionals in multiple offices throughout California, Utah, and Colorado. Additional information can be found on the company’s Website located at [www.EM-Assist.com](http://www.EM-Assist.com).
